DIGITAL TRANSFORMATION | PRODUCT MANAGEMENT | AI-ASSISTED SOLUTIONS

Valinhos, SP, Brazil | +55 (19) 99995-6971 | douglas.mariones@icloud.com | linkedin.com/douglasmariones

PROFESSIONAL SUMMARY

Digital transformation and product professional with 15+ years of cross-functional experience, including 5+ years leading ERP, enterprise platform and technology initiatives. Combines Product Ownership, SAP transformation, analytics, learning enablement and generative AI to turn complex business problems into working digital solutions. At AB InBev, has built AI-assisted executive analytics, onboarding toolkits and interactive learning applications while owning global ServiceNow capabilities and supporting SAP S/4HANA program governance. Strong in problem framing, process redesign, KPI modeling, rapid web prototyping, stakeholder validation and adoption across global teams.

CORE EXPERTISE

Digital Transformation | Product Management | Generative AI | AI-Assisted Product Development | Process Redesign | Product Discovery | Decision Intelligence | KPI & Business Rule Design | Rapid Web Prototyping | HTML / CSS / JavaScript | SAP S/4HANA | ServiceNow | Learning Experience Design | Change & Adoption | Human Validation & Governance

PROFESSIONAL EXPERIENCE

Product Owner & Technology Project Manager | AB InBev | Apr 2023 - Present

Global SAP S/4HANA Transformation Program

- **AI-Assisted Program Intelligence:** Designed and built an executive performance intelligence web application for a global SAP S/4HANA program, consolidating delivery and workforce data into productivity, capacity, workload and confidence views with interactive Workstream diagnostics.
- **Decision Intelligence:** Defined business rules, KPI formulas and comparability logic for cross-period analysis, including output/FTE, test productivity, normalization and composite indices; translated patterns into evidence-based questions for stakeholder validation.
- **AI-Assisted Learning Products:** Designed a SAP Learning Hub onboarding toolkit with searchable content, certification guidance, FAQs, glossary, support decision flows and self-service resources, and built a skills-based SAP Activate learning application with progress tracking, quizzes, practice scenarios, notes and personalized study planning.
- **Rapid Product Development:** Apply generative AI across research synthesis, information architecture, UX iteration, content design, data analysis and HTML/CSS/JavaScript implementation to move from problem framing to functional prototype quickly.
- **Human-in-the-Loop Governance:** Retain ownership of source validation, confidentiality, requirements, business logic, acceptance criteria and final decisions instead of delegating judgment to AI-generated outputs.
- **Enterprise Product Ownership:** Own the global ServiceNow ITSM catalog and product backlog, leading a 2-developer team and governing service definitions, queue ownership, SLAs, prioritization and continuous improvement across multiple countries.
- **Automation & Integration:** Designed a ServiceNow-Azure DevOps integration that automates Problem creation into DevOps area paths and strengthens traceability across operational support and product delivery.
- **Adoption & Global Enablement:** Lead discovery, process mapping, roadmaps, KPI discussions, bilingual kick-offs, onboarding and training for multicultural teams, connecting digital solution delivery with adoption and continuous learning.

PMO | Project Manager | Agroambiental Jardinagem e Paisagismo | *Dec 2020 - Mar 2023*

- Led SAP Business One ERP implementation across Finance, CRM, Sales, Purchasing, Inventory, Production, MRP, HR and add-ons, coordinating requirements, process design and delivery with stakeholders and external partners.
- Ran discovery sessions and business process mapping/redesign, managed backlog and delivery planning across simultaneous initiatives, and built Power BI / Excel dashboards to support leadership decisions.
- Managed external-vendor app delivery for PPE management and workforce / green-area operations, translating operational needs into product requirements and implementation plans.
- Led LGPD compliance, data governance and cybersecurity-control initiatives while overseeing taxation, NCM classification, inventory, AP/AR, billing and commercial performance tracking.

Senior Financial Analyst | Profilax Saúde Animal | *Jan 2018 - Nov 2020*

- Digitized manual financial controls into ERP and Excel-based workflows and built management reports and dashboards to improve leadership visibility.
- Managed accounts payable/receivable, cash flow, reconciliation and billing operations, combining financial control with continuous process improvement.

Billing Analyst | Profilax Saúde Animal | *Jun 2009 - Dec 2017*

- Managed billing, accounts payable/receivable and financial reconciliation, while initiating the digitization of manual finance controls.

TOOLS & TECHNOLOGY

Enterprise & Data: SAP S/4HANA, ServiceNow, Azure DevOps, Power BI, Advanced Excel, SAP Learning Hub, SAP Business One, Microsoft 365

Generative AI & Web Product Building: ChatGPT, Claude, Microsoft Copilot; AI-assisted HTML, CSS and JavaScript; Chart.js; SheetJS; rapid interactive prototyping

AI-ASSISTED SOLUTION BUILDING

Problem to Prototype: Frame ambiguous business challenges, define business rules and user flows, and turn them into working browser-based prototypes for stakeholder review.

Analytics to Insight: Normalize fragmented operational data, model decision rules and build interactive diagnostics that support executive conversations and next actions.

Knowledge to Experience: Transform complex enterprise content into structured learning journeys, searchable support, assessments, practice scenarios and progress experiences.

Responsible Use: Use generative AI as an accelerator with human validation, confidentiality controls, evidence checks and explicit ownership of final product decisions.

EDUCATION

Systems Analysis & Development | Anhanguera Valinhos | 2018 - 2020
