### PROFESSIONAL EXPERIENCE

#### Product Owner & Technology Project Manager | AB InBev | Apr 2023 - Present

*Global SAP S/4HANA Transformation Program*

- **Global Transformation Delivery:** Support execution of a global SAP S/4HANA transformation program by connecting technology, process, support, analytics and enablement needs across multiple countries and workstreams.
- **ServiceNow Delivery Leadership:** Own the global ServiceNow ITSM catalog and backlog, leading a 2-developer team and coordinating service design, prioritization, SLAs, queue ownership, governance and continuous improvement.
- **Integration & Dependency Management:** Designed the ServiceNow-Azure DevOps integration that automates Problem creation into DevOps area paths, reducing manual handoffs and improving traceability between support and delivery flows.
- **Hypercare & Operational Readiness:** Built ServiceNow Hypercare dashboards to provide post-go-live visibility into stabilization issues and support structured follow-up after SAP rollouts.
- **Program Performance Reporting:** Designed an executive performance intelligence web application consolidating Build, Design/CORE, Deploy, Test, Cutover and Change Management data into year-over-year views of productivity, capacity, workload and confidence.
- **Governance & Decision Support:** Defined analytical rules and KPI methodologies for cross-period comparison, helping leadership and Workstream owners distinguish observed performance from hypotheses requiring validation.
- **Learning & Change Enablement:** Structured SAP Learning Hub onboarding, learning paths and follow-up rituals; led kick-offs and training in Portuguese and English and developed self-service learning resources for global teams.
- **Communication & Stakeholder Alignment:** Engage business, technology and senior stakeholders in English, facilitate discovery and process mapping, define roadmaps and priorities, and created an internal program podcast to increase transparency across the transformation.

## **PMO | Project Manager | Agroambiental Jardinagem e Paisagismo** | *Dec 2020 - Mar 2023*

- Led SAP Business One ERP implementation across Finance, CRM, Sales, Purchasing, Inventory, Production, MRP, HR and add-ons, coordinating requirements, process design and delivery with stakeholders and external partners.
- Ran discovery sessions and business process mapping/redesign, managed backlog and delivery planning across simultaneous initiatives, and built Power BI / Excel dashboards to support leadership decisions.
- Managed external-vendor app delivery for PPE management and workforce / green-area operations, translating operational needs into product requirements and implementation plans.
- Led LGPD compliance, data governance and cybersecurity-control initiatives while overseeing taxation, NCM classification, inventory, AP/AR, billing and commercial performance tracking.

## **Senior Financial Analyst | Profilax Saúde Animal** | *Jan 2018 - Nov 2020*

- Digitized manual financial controls into ERP and Excel-based workflows and built management reports and dashboards to improve leadership visibility.
- Managed accounts payable/receivable, cash flow, reconciliation and billing operations, combining financial control with continuous process improvement.

## **Billing Analyst | Profilax Saúde Animal** | *Jun 2009 - Dec 2017*

- Managed billing, accounts payable/receivable and financial reconciliation, while initiating the digitization of manual finance controls.
